NRIPress Media- Key Conceptual "Weapons" of the Media- The use of media as a weapon has been present for many years. The news media is called a "weapon" when information is deliberately manipulated, biased, or weaponized to control public perception, attack opponents, or push political and corporate agenda. Journalism can be used as a psychological weapon, both to demoralize the opposing side and to encourage dissidents.

- NRIPress can Help Unite a Divided Community and News organizations working together to help each other survive
- Digital Connectivity- People Power" to organize, heal, and coordinate local movement
- Help in Public Service Announcements
- Storytelling: Human-interest features build empathy across polarized or diverse groups

How we use NRIPress 25 years a media weapon for NRIs:

1. To protect, promote and serve NRIs worldwide
2. It helps us in expanding as medical tourism
3. Helping NRIPress.club enforce 11 to 21 entrepreneurs in one particular city to set up own model, enjoy media power, generate revenue and share maximum output by providing small percentage to NRIPress.

NRIPress Corporation Vs Dot com (.COM)

Before dot (.com), when new entities or Businesses were established as a corporation, friends or relatives bought some shares in the company for moral and financial support. They get some benefits or loss in papers. Some qualified shareholders become officers to run the corporation.

- **Since 2000, technology has allowed each of us to become a member of Dot (.com) and unite us to work as a team and share revenue without liabilities.**

1. **NRIPress corporation launched Server. Server connected dot (.com) news and NRIBusinessDirectory.com** of 20

websites-from NRIfaccountants.com to NRIdoctors.com

- a. **New Technology allows us to connect each major city like Dot (.com) with 20 Websites** independent entities.
- b. **Each (.com) generate revenue**, links under one umbrella and one server.

2. **Worldwide Business Entrepreneurs in each city (11-21) members** associated with dot(.com) run NRIPress as Media Executives, generate and share revenue

Under New Technology and our unique innovation idea, with over 25 years in business, allows us to recognize honest young entrepreneurs who can understand our new concepts and become excited to work with us

9. A written agreement is one of the most important communication tools for both Parties. In California, there must be a written contract for all Projects
10. **Termination for convenience:** Either Part may terminate this Agreement upon (30) days written notice to the other party for a reason or no reason. Upon termination, both parties shall cease all obligations under this Agreement, except for those provisions that by their nature survive termination, including, without limitation, the provisions regarding confidentiality, indemnification, and dispute resolution.

Dot (.com) Partnership Agreements Vs By-laws:

These govern how a Diamond Membership- partnership operates as NRIpress Media Executive Team and profit-sharing.

To resolve disputes: Identify the root cause, encourage all parties to express their perspectives, fail to fulfill their obligations and interpret the agreement differently.

IF UNRESOLVED, consider arbitration or legal action as a last resort.

- 1) **Mediation** is often favored as a first step, providing an opportunity for both parties to resolve the issue with the help of a neutral third party.
- 2) **Arbitration** is a more formal and binding process that can be quicker and more cost-effective than traditional litigation.
 - a. You can easily submit a demand for arbitration through the NRIPress Arbitration Association
 - b. utilizing their digital case platform
- 3) If your dispute still remains unresolved, you can pursue formal legal action in Los Angeles, California
