Dear NRI Associates,

You have shown an interest in joining NRI Corporate Club Membership where you can serve NRIs local projects as well as Worldwide expansion programs. Our basic Membership starts with Bronze-Silver-Gold-Diamond and Platinum Membership.

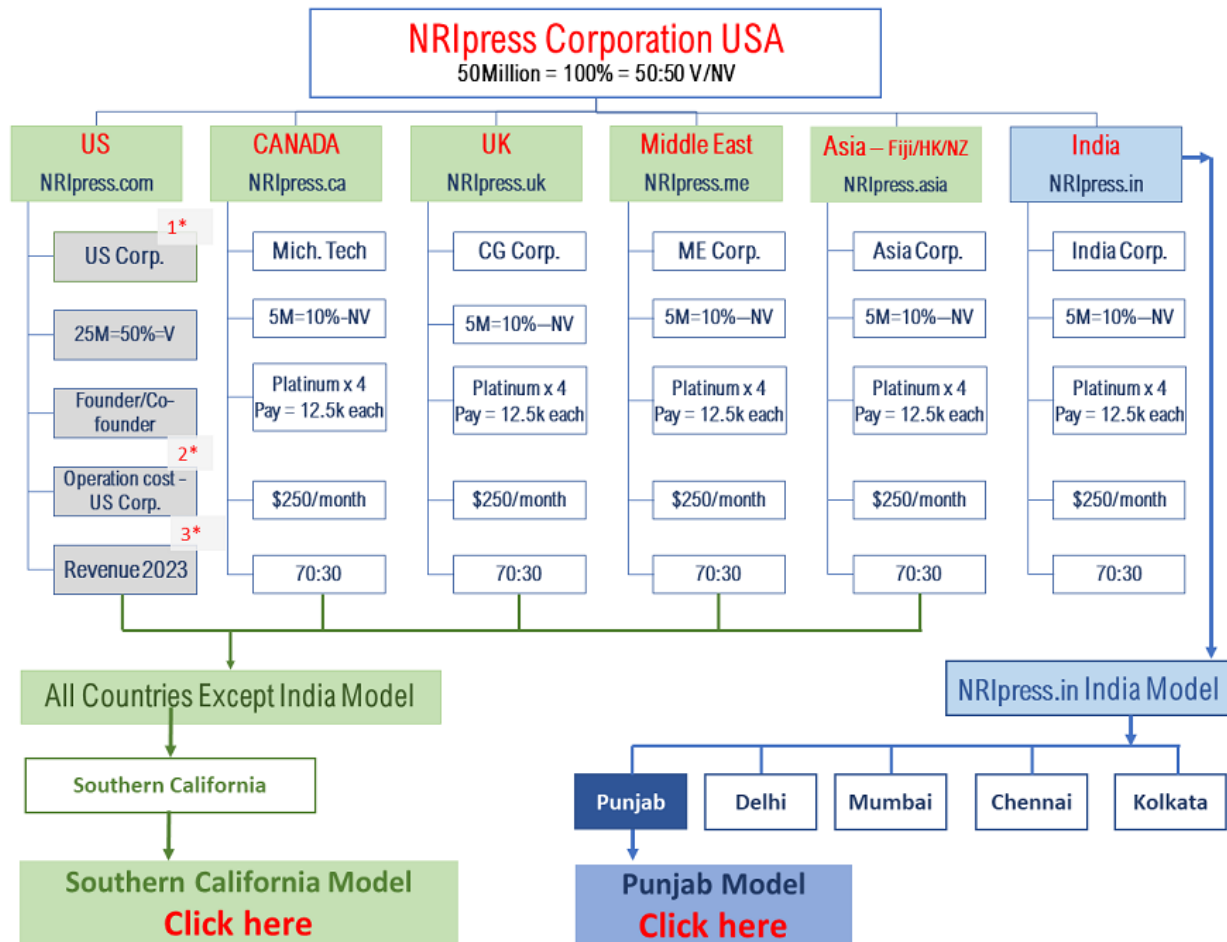

- **Corporate Club membership** starts from Diamond to Platinum Membership.
- Only corporate (start with Diamond) Members in your city (11-21) can enjoy Media Executive position and earned revenue.

Let us understand how it works. In old days, when new entities or Businesses were being established as a corporation, friends or relatives buy some shares in the company for moral support. They get some benefits or loss in papers. Some qualified shareholders become officers to run the corporation.

- Now Starting 2000, new technology allows each of us to become a member of **.com**, how much we input as a member and share our output. Dot com (.COM) unite us to work as a team without liabilities.

Let we more clarify in our case: NRIPress is a corporation operating server as media company .com in the air, 20 website '.com' have also been in the air for the past 25 years.

- Dot (.com) is the only in the world which is run by servers and servers' cost will be borne by some people who own the corporation. Our unique idea, unique technology and 25 years in business allow us to recognize honest entrepreneurs who can understand new concepts.

Dear NRI, Media is a weapon

NRIPress, 25 years in NRI services, can serve as a weapon or serve as a powerful tool for good, non-profit NRIPress.club organizations to raise awareness, mobilize support, and inspire action for their causes.

1. **Raising awareness and education-** Inform the public about important issues, from social justice and human rights to environmental concerns and public health crises. A prime example is the #MeToo movement, which used a hashtag to give voice to sexual harassment victims and force accountability.
2. **Promoting fundraising-** Social media platforms in particular have revolutionized how non-profits raise funds. Features like Facebook's "Donate" button and Instagram's donation stickers make giving seamless and accessible.
3. **Using emotional and visual storytelling-** Powerful storytelling through video and compelling imagery is one of media's greatest strengths for charitable causes. By sharing the real-life stories of individuals and communities who have been helped, organizations create an emotional connection with donors. Save the Children, for example, created videos showing the plight of children in war zones to help donors empathize with them.
4. **Driving policy and societal change**
 - By shaping public opinion, media can influence legislation and societal norms
